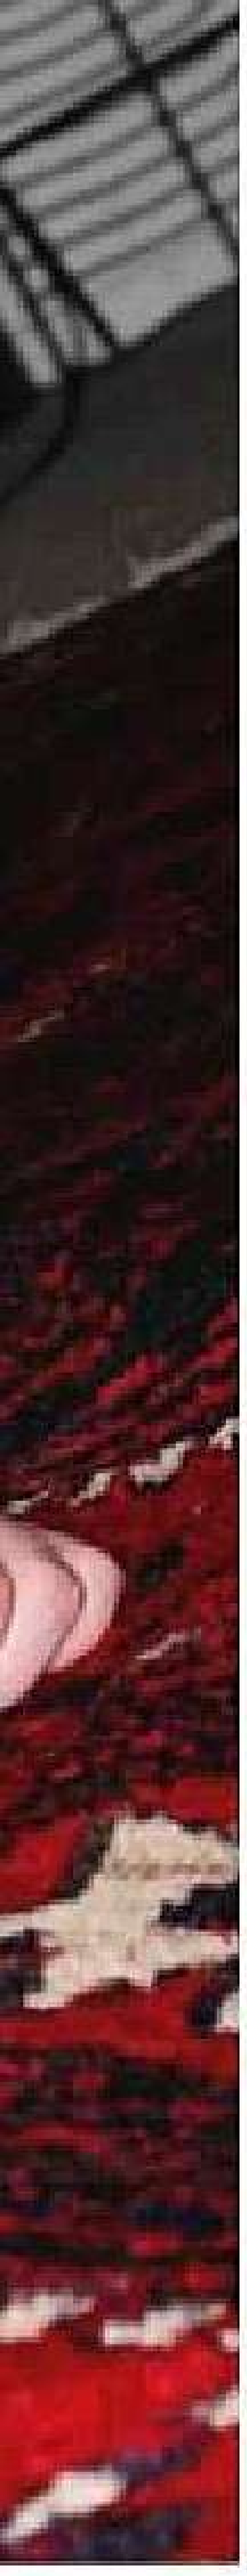
Jezebelle

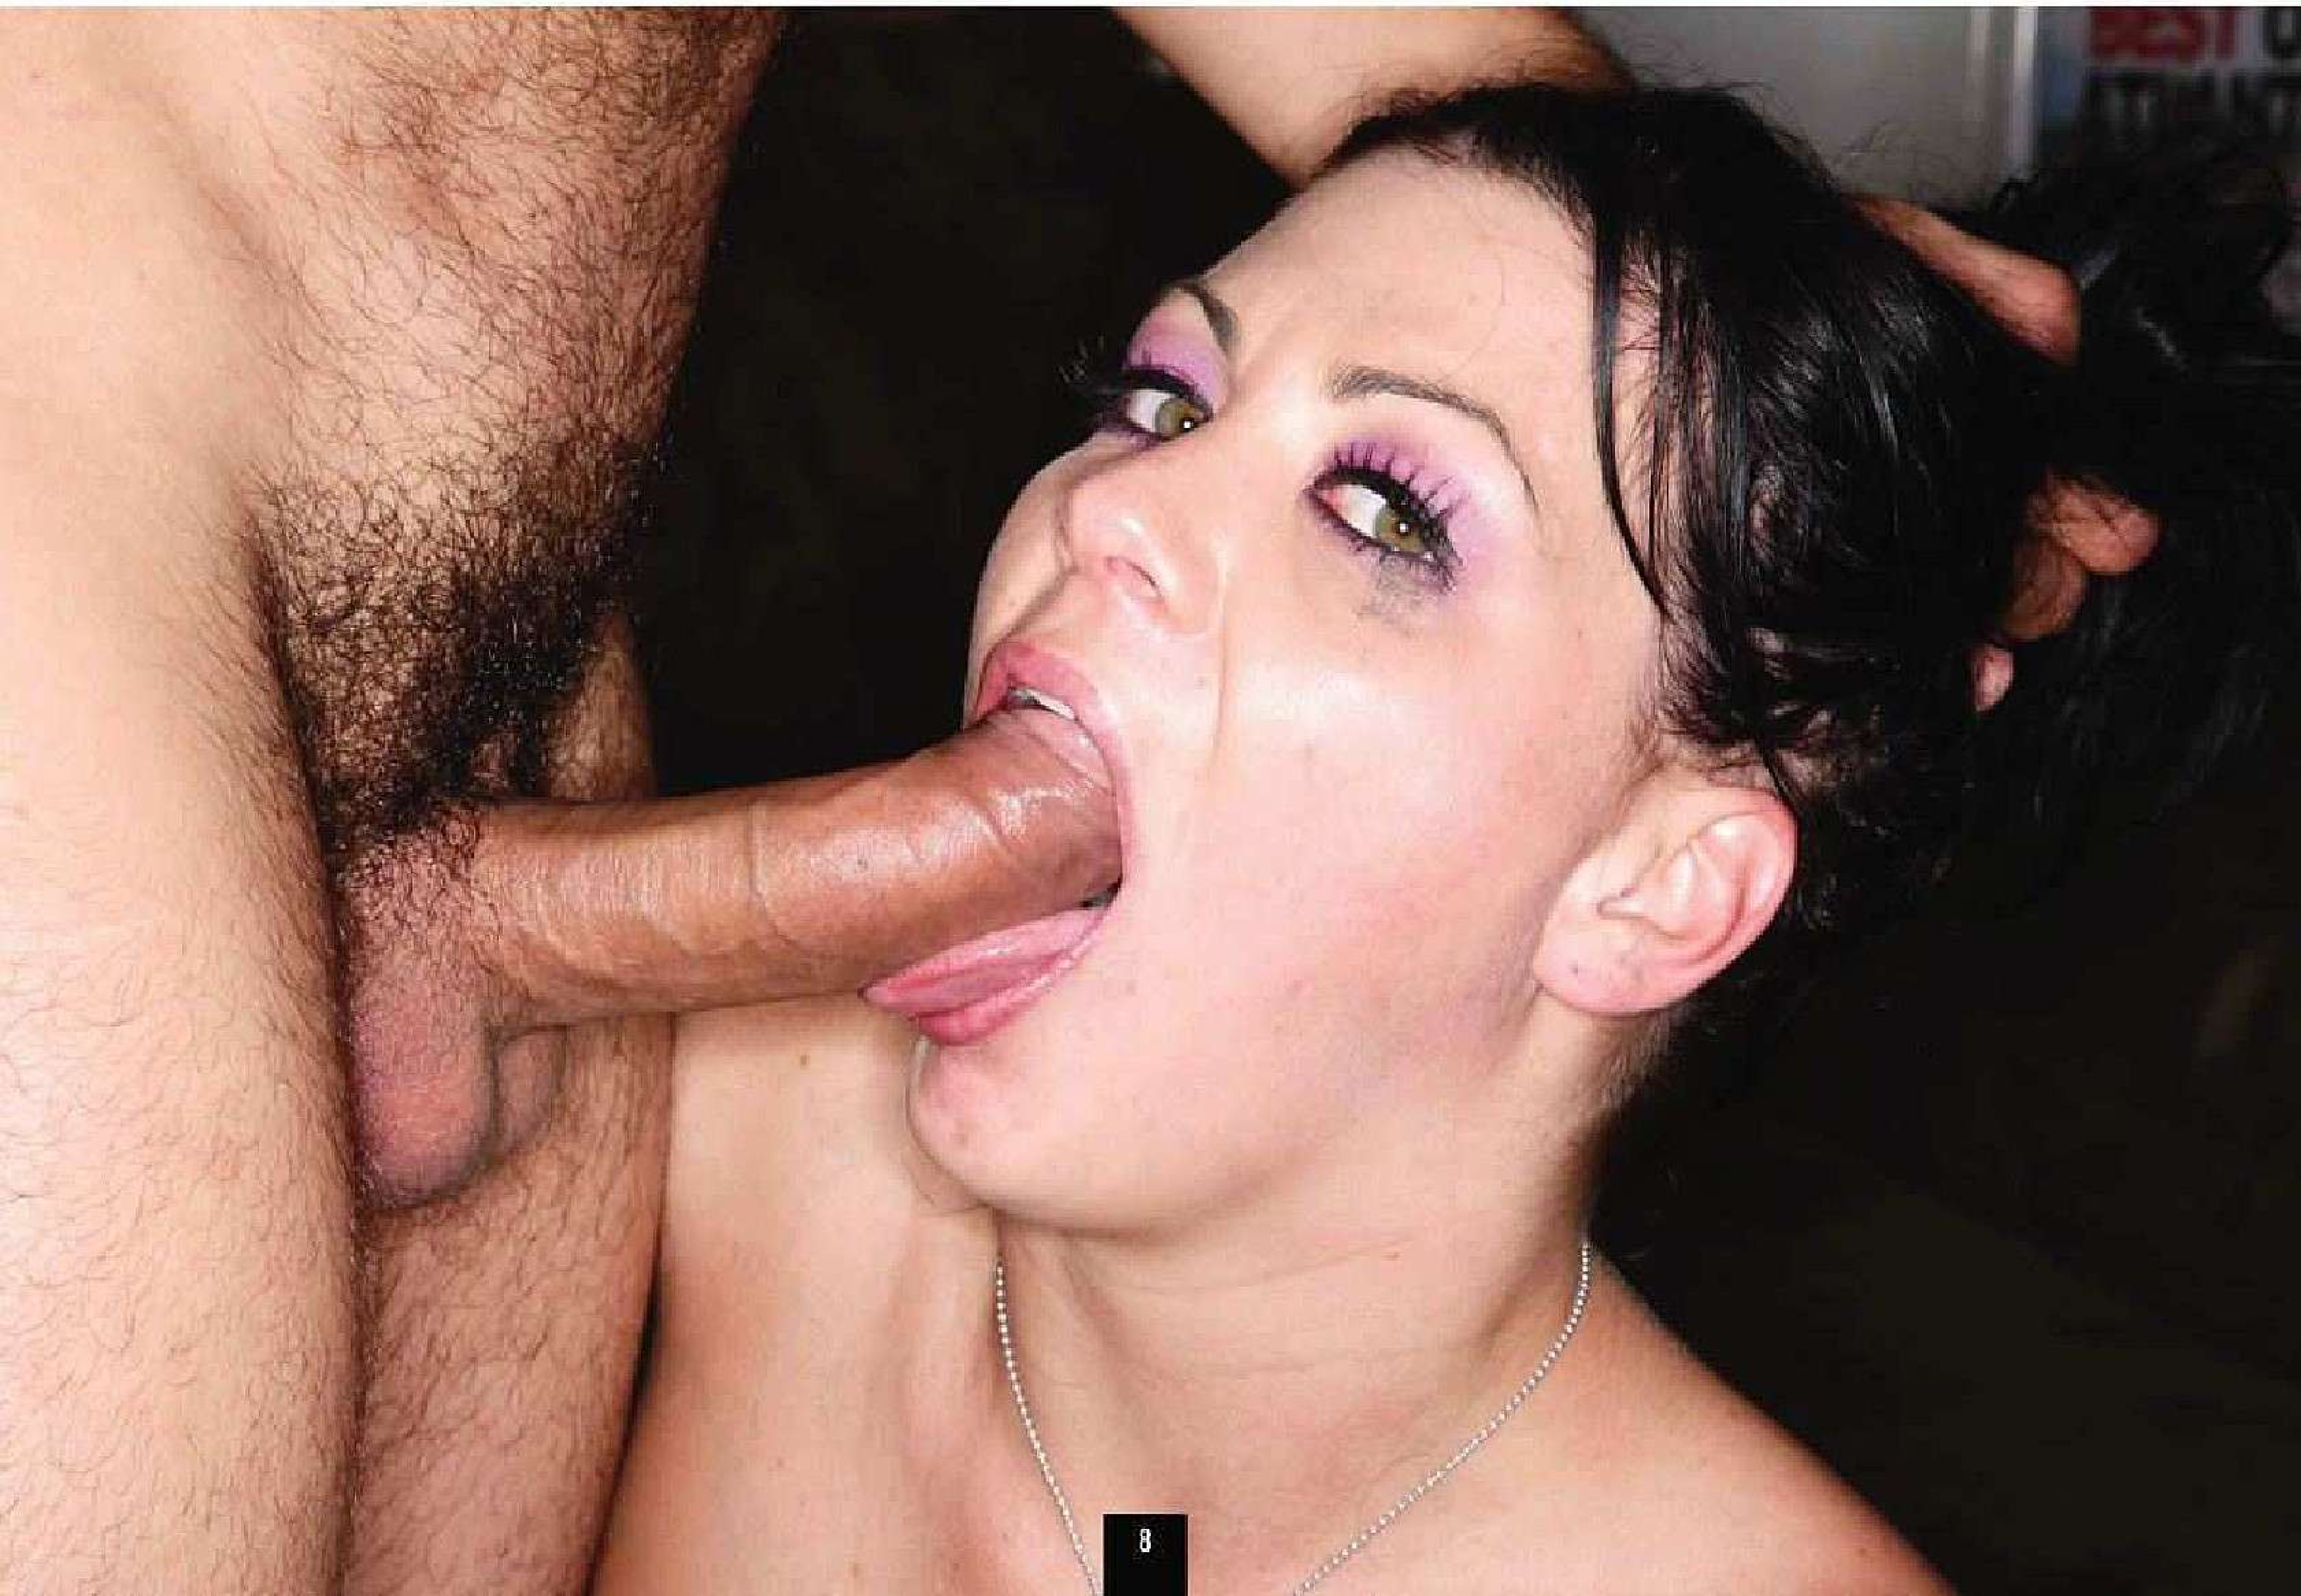
Sooner's Better than Later

Unlike some women, who labored under fantasy for years and years, it had taken Jezebelle all of three months to realize that her marriage was doomed. Of course, it'd seemed like a good idea at the time, and the ring... well, it was a few karats more than a girl could ignore. So, she'd said, "Yes," thinking that the bling would cover the trepidation. Turns out, though he might have good taste in jewelry, her husband was completely inept when it came to relationships. They just didn't click, and on the most basic of levels. In fact, they drove each other up the wall. Well, this wasn't for Jezebelle. She's not the type to suffer in silence. If it wasn't working, it wasn't working, and, as far as she was concerned, it was more than over.

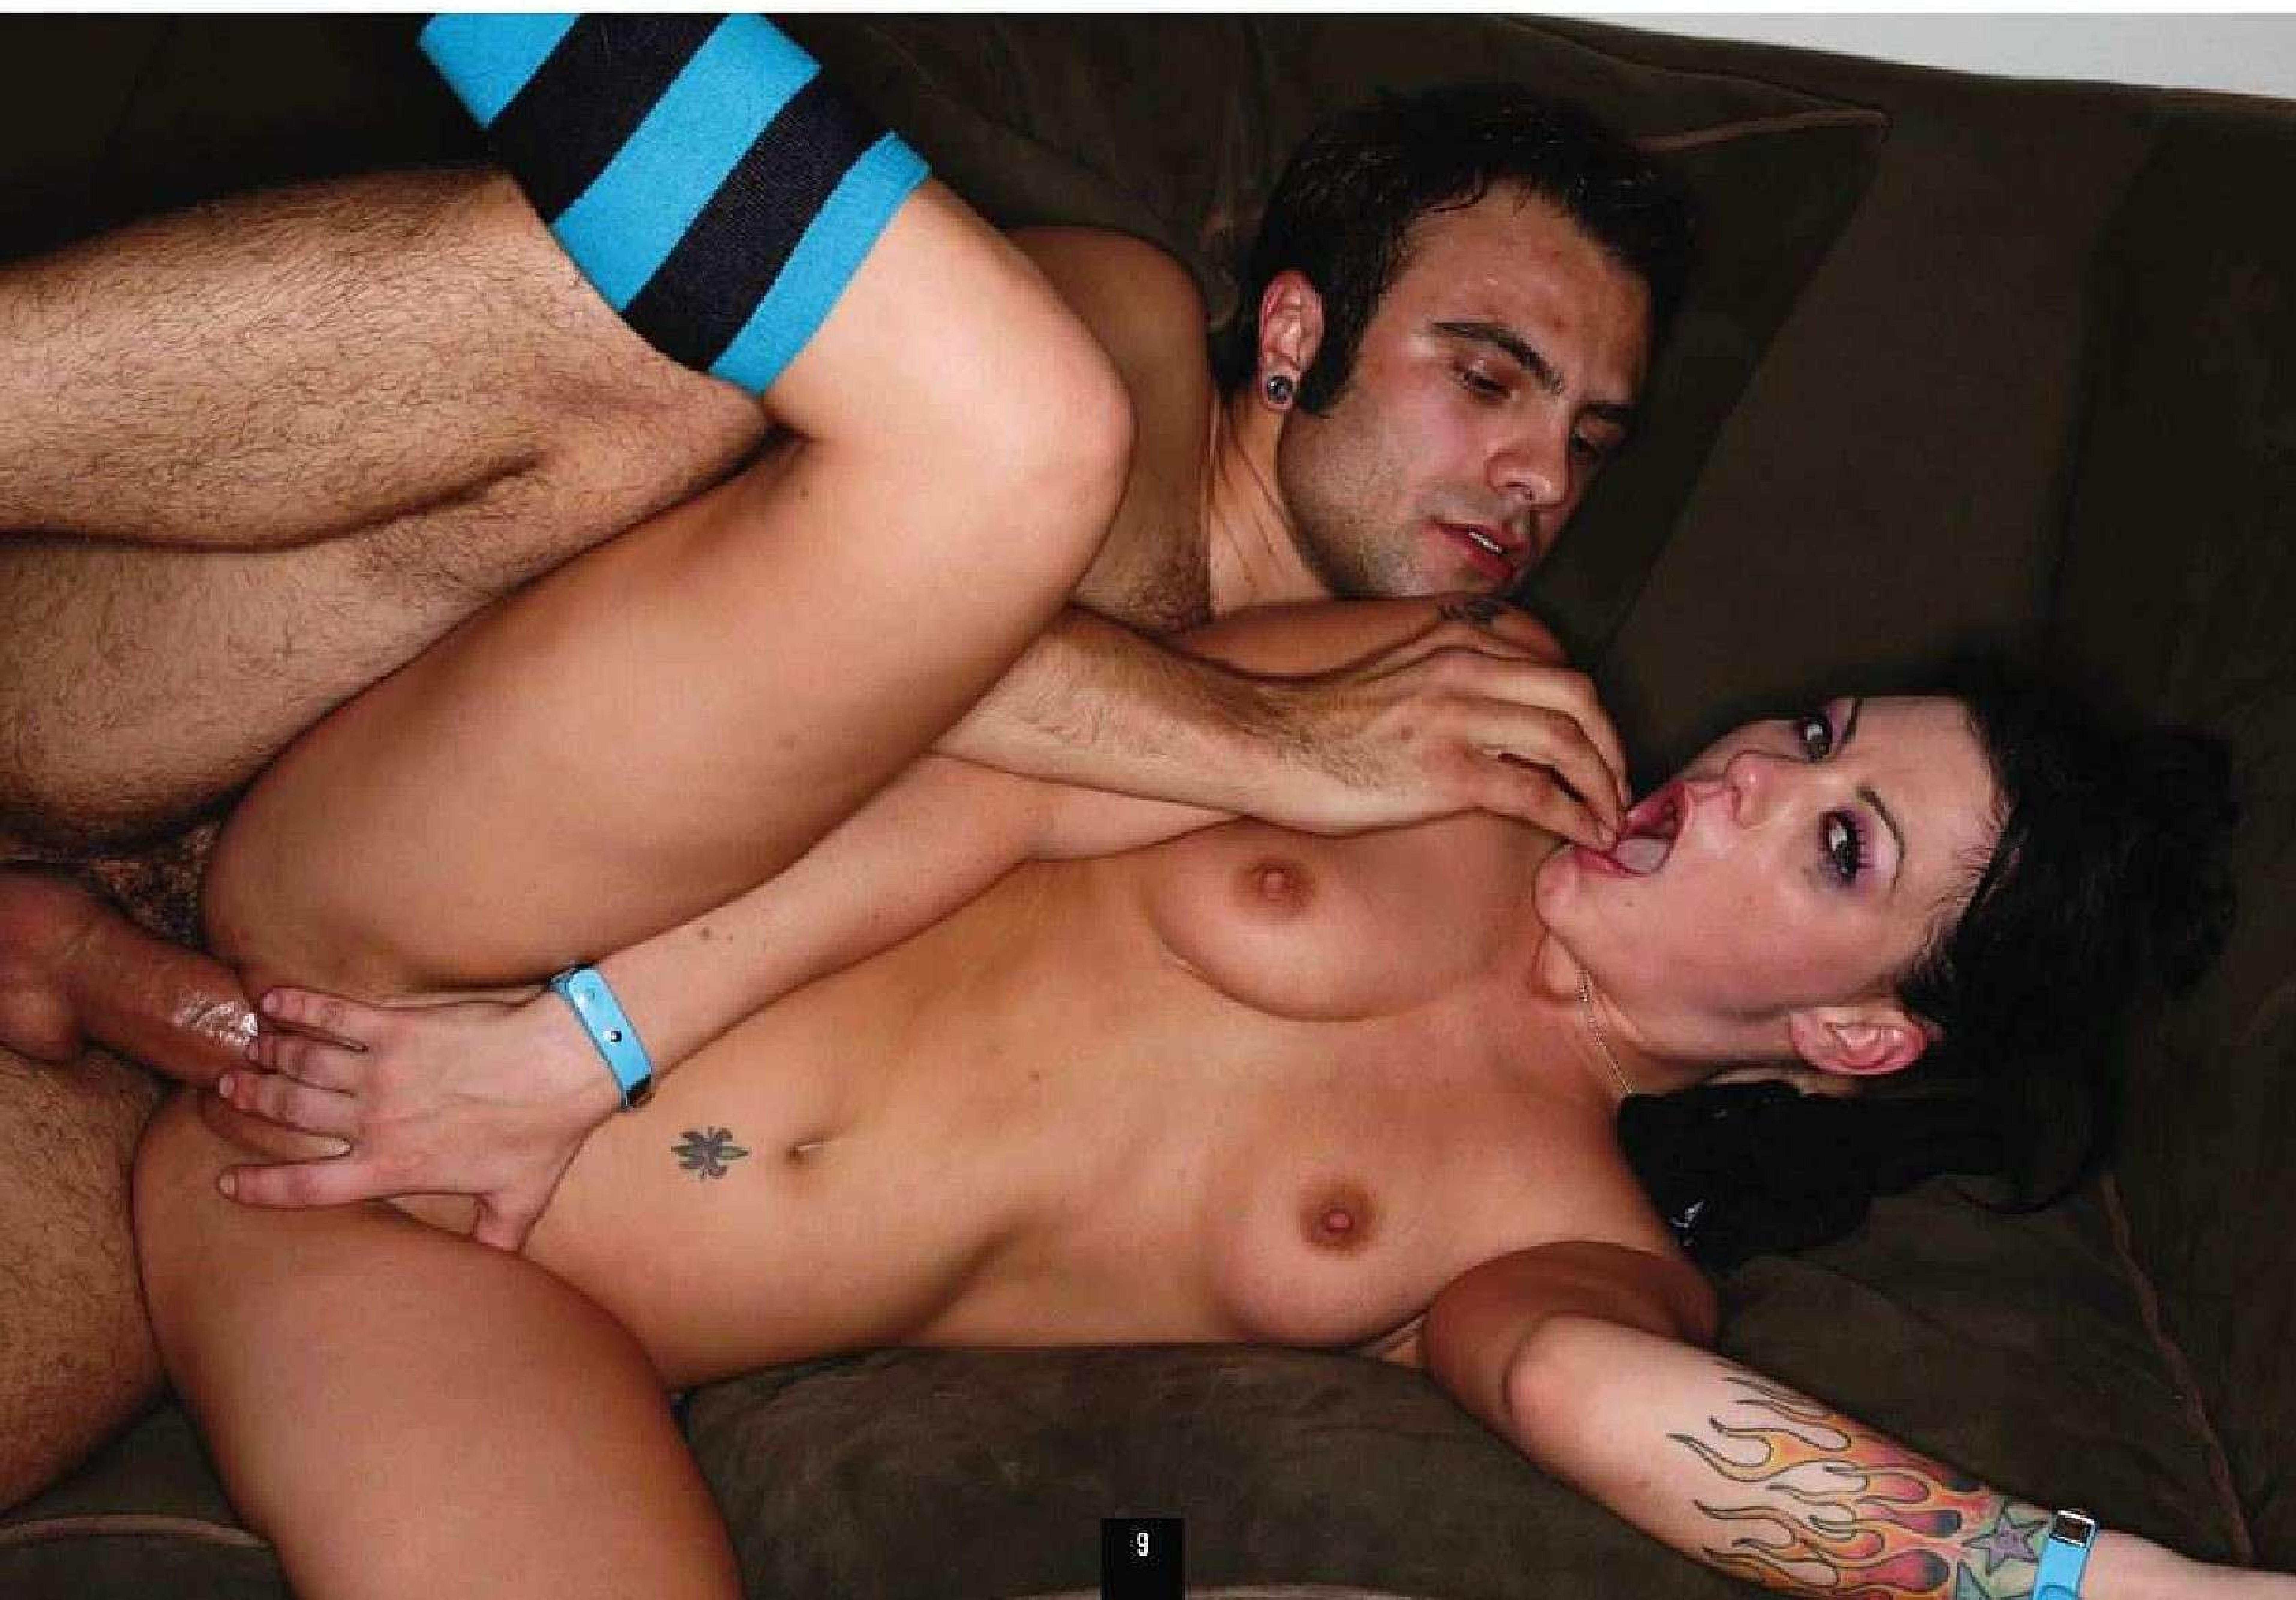
It got down to the point that her husband was little more than a constant source of embarrassment. When it came to fucking, she could barely stand to touch him, no less have him inside of her. Talk about mistakes.



This is unacceptable for a woman of any age, but for a woman of 21 years... there was no way this marraige was going to work.



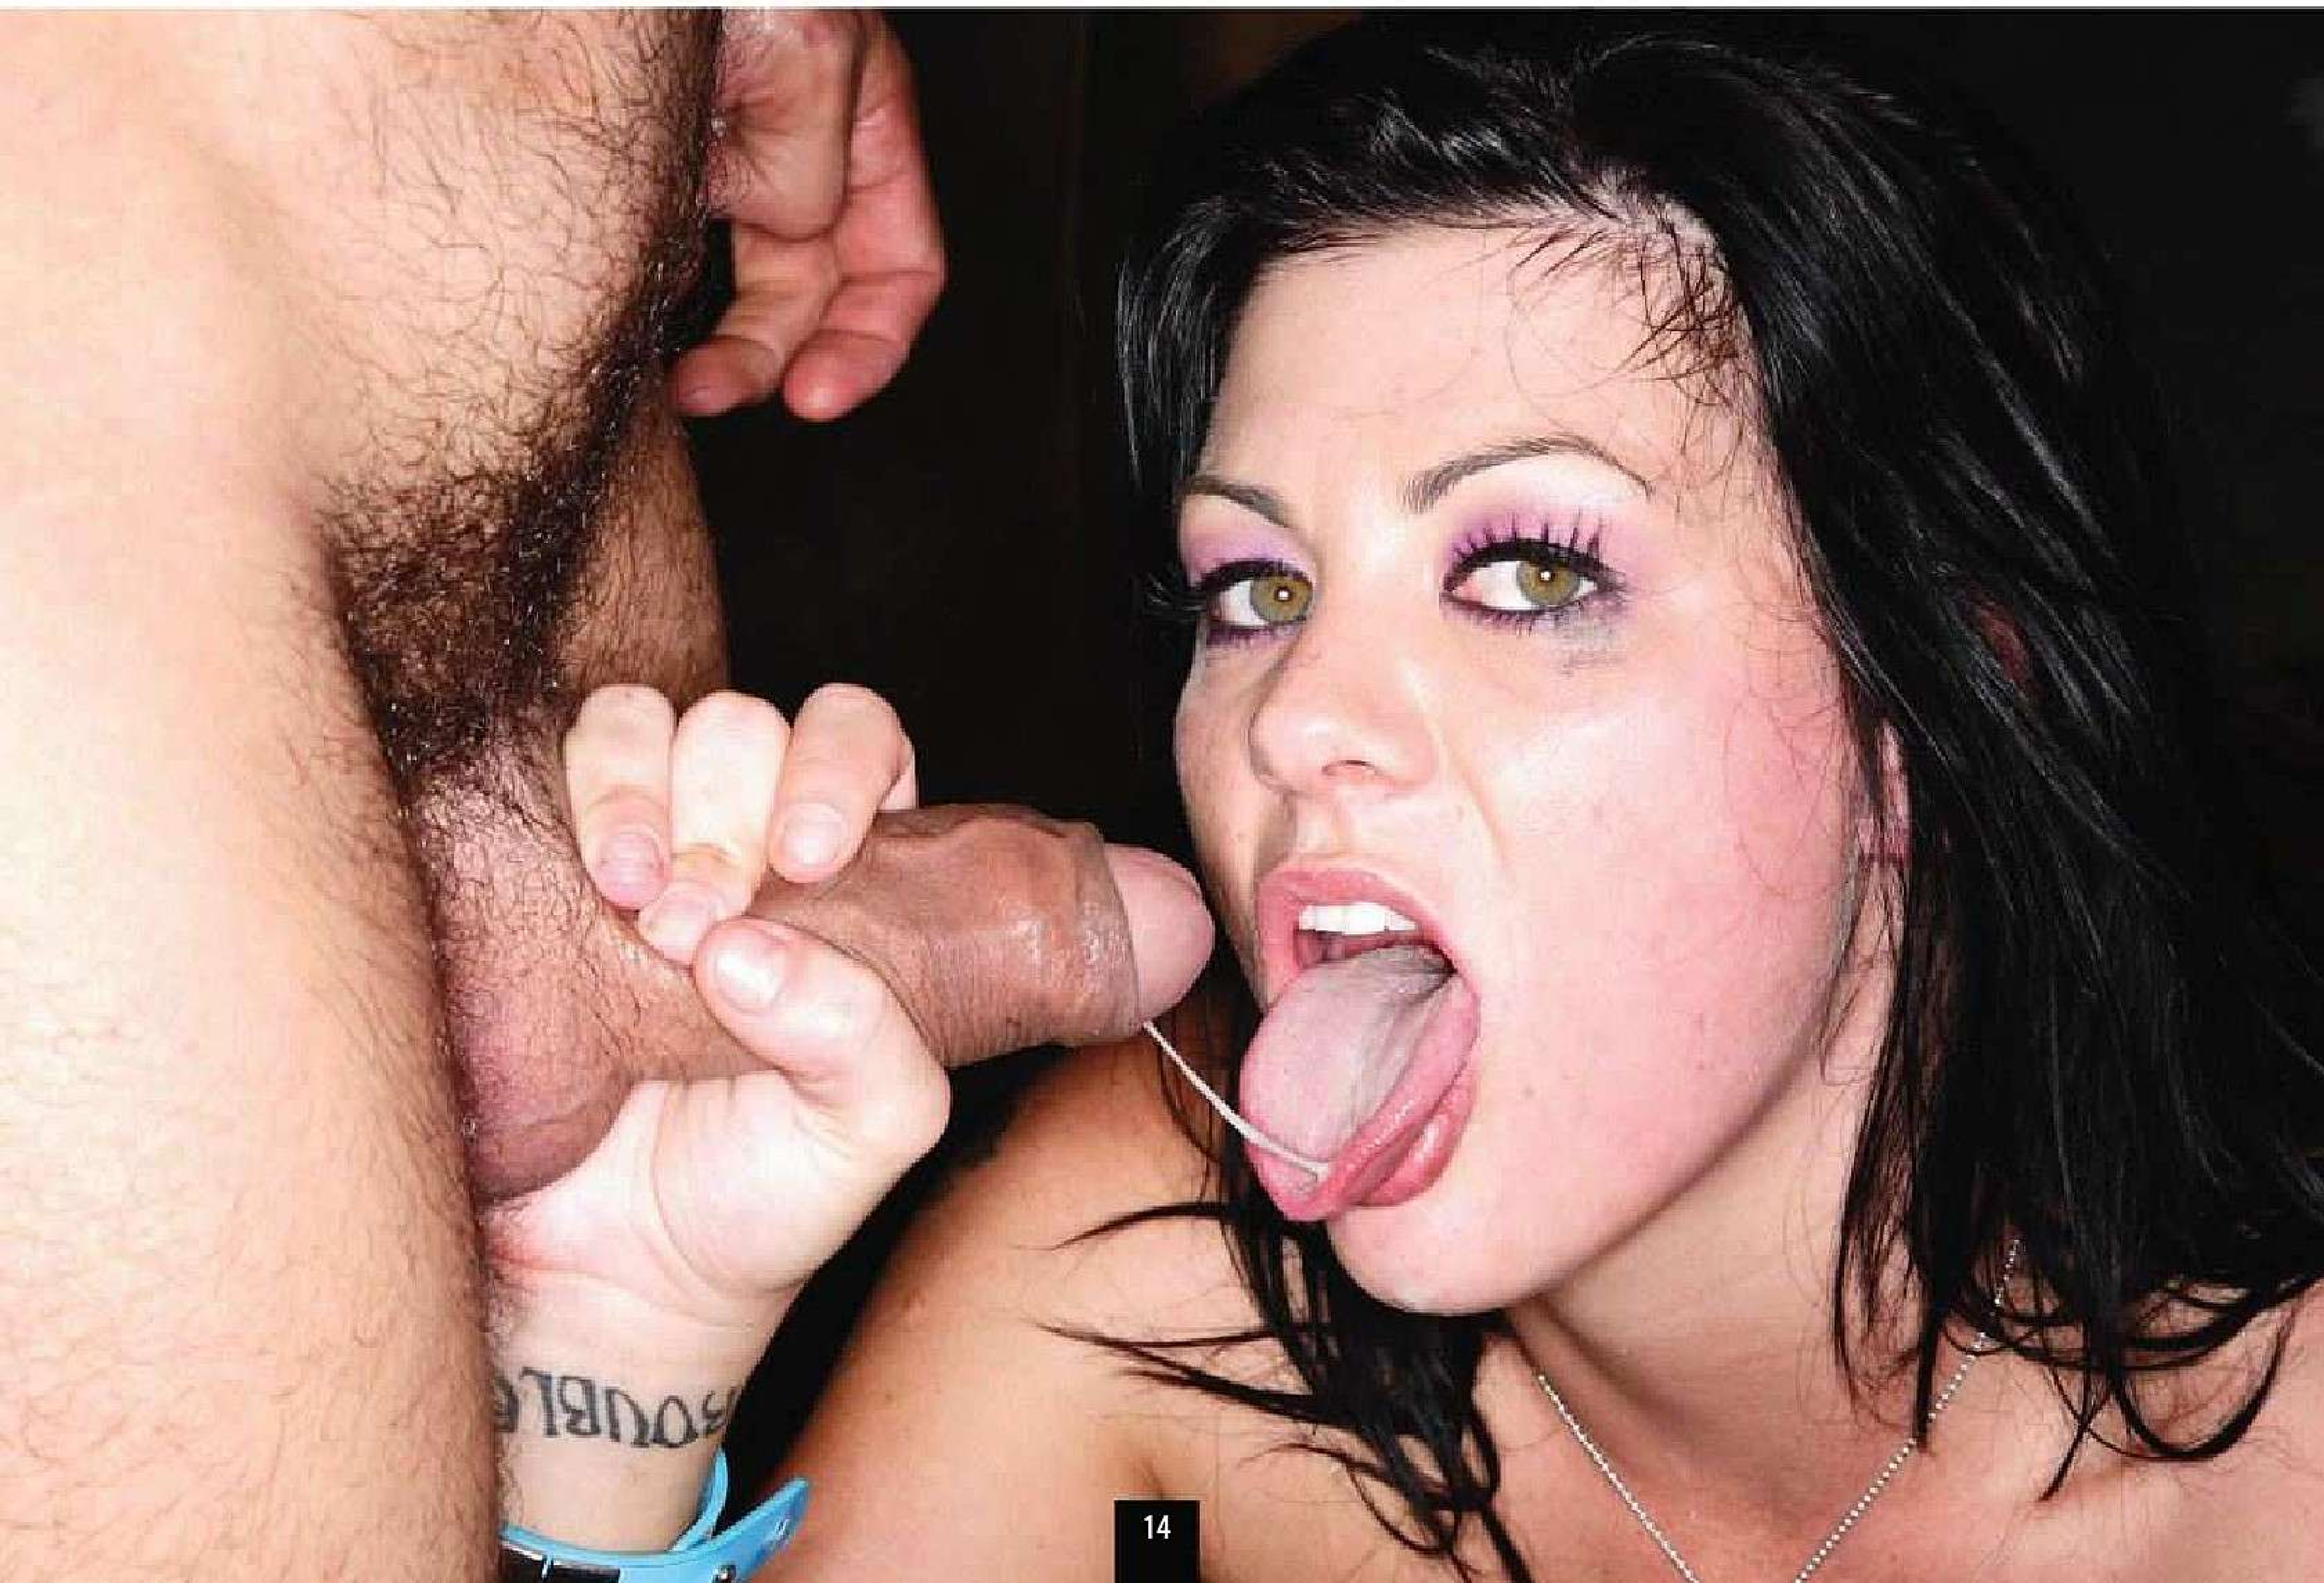
Once she dumped her marital dead-wight, things started to turn up for Jezebelle. True to her name, she was well-versed in the seductive arts, and had no trouble finding a man to match her in perversion. This is the natural Jezebelle - Jezebelle as she should be and at her very finest.



She'd been stunted for so long, that first taste of cock was just the best. Even better, the first plunge into her cunt. She was certain she'd wear the poor guy out before she was even close to satisfied.

her ex had never fucked her like this. In fact, he'd been a one-shot guy. This was something completely new. A guy who could fuck her in every hole, without even breaking a sweat? This is everything she's been missing.

ECTS, DESIGN, & LAYOUT: STREET LEVEL GRAPHICS •



Now, as far as she's concerned, this is just the beginning. She's wants to make good and sure that the next time she falls for a guy, he's the right guy (which means he's good and ready to fuck). Come on, guys... look at that body. You'd been a fool to pass that up. She's "young & experimenting," so give her a call.

Allie

Learning How to Play

Allie hasn't had the easiest of lives. For most of her life, her parents had been absent, leaving her to take care of her 3 younger siblings. She didn't resent what she had to do, but at the same time, it definitely limited her when it came to her personal life. She'd had a couple of boyfriends in high school, but neither of them could take her truncated schedule. As main caregiver, fun was the last thing on her mind; family always came first. So, it came as little surprise that as soon as she started university, she went a bit wild. Free of responsibility, she didn't quite know what to do with herself. So, even less surprising, she fell for an absolute dud. A cocky jock with only his pride to his credit.

Well, Allie had neglected herself for long enough. This was her time... this was when she was supposed to actually "get it." But she didn't. Seems that her dream-boat was a little less than perfect. As vain as vain can be, he couldn't be bothered to pleasure his new wife.

Self-sufficiency seems to have given her a leg up, because she knew, she just knew, this wasn't the way a marriage was supposed to work. This was a disaster and she had to escape.

Turns out cheating was the easiest way out. She planned it carefully - planned for her husband to find her buried... deep... on some strange cock. Given his personality, this would be the beginning of the end. And it was. He wanted nothing else to do with her.

In the process, she found all that she had been missing. No boundaries, no parameters and no expectations... why would anyone ever want anything else?

This is screwing unlike any she'd ever experienced. For once in her life, she actually found herself breathless.

Now that she knows what she can have, she just wants more. She's single, young and hot; why shouldn't she have her fun? Why don't you show her what a fool her ex was? She wants you to.

ROAD SHOW

IMy wife had been on the road three weeks. Too long. I missed her; I missed fucking her.

Every time I thought of the curvaceous babe, her long, flowing brown hair and sultry brown eyes and heavy, succulent tits and hot, wet pussy, I got a hard-on that no handjob could cure. So, when she was only two hundred miles away, on the homeward leg of her regional business trip, I decided to surprise her. Only, she surprised me, at first, when I walked in on her wielding a red jelly dong up her twat.

The door to her sixth floor hotel room was open a crack. I quietly slipped inside, and found my wife sprawled out on the bed almost totally naked with the dong jammed in her love tunnel. She was obviously missing me like I was missing her, the way she was pumping that flexible pipe back and forth in her pussy. Her skirt was down around one ankle, her legs wide apart, blouse wide open, exposing her tits.

She didn't even notice me standing there at first, because her eyes were shut tight, the muscles on her arms straining, shoving just about all twelve inches of that monster cock in and out of her cunt, moans of pleasure escaping her lips. She arched upwards, pumping faster.

"Need a hand?"

Her eyes popped open, luscious body freezing in my mid-thrust.

Then Trina's pretty face beamed. "Honey!" she exclaimed.

"Don't honey me, you slut!" I growled, jerking my head at the window. The curtains were half-open, providing a nice view of the hotel courtyard below, the hotel rooms right across and up above. Providing anyone in those rooms with a nice view of my wanton wife plunging her pussy laid out on the bed.

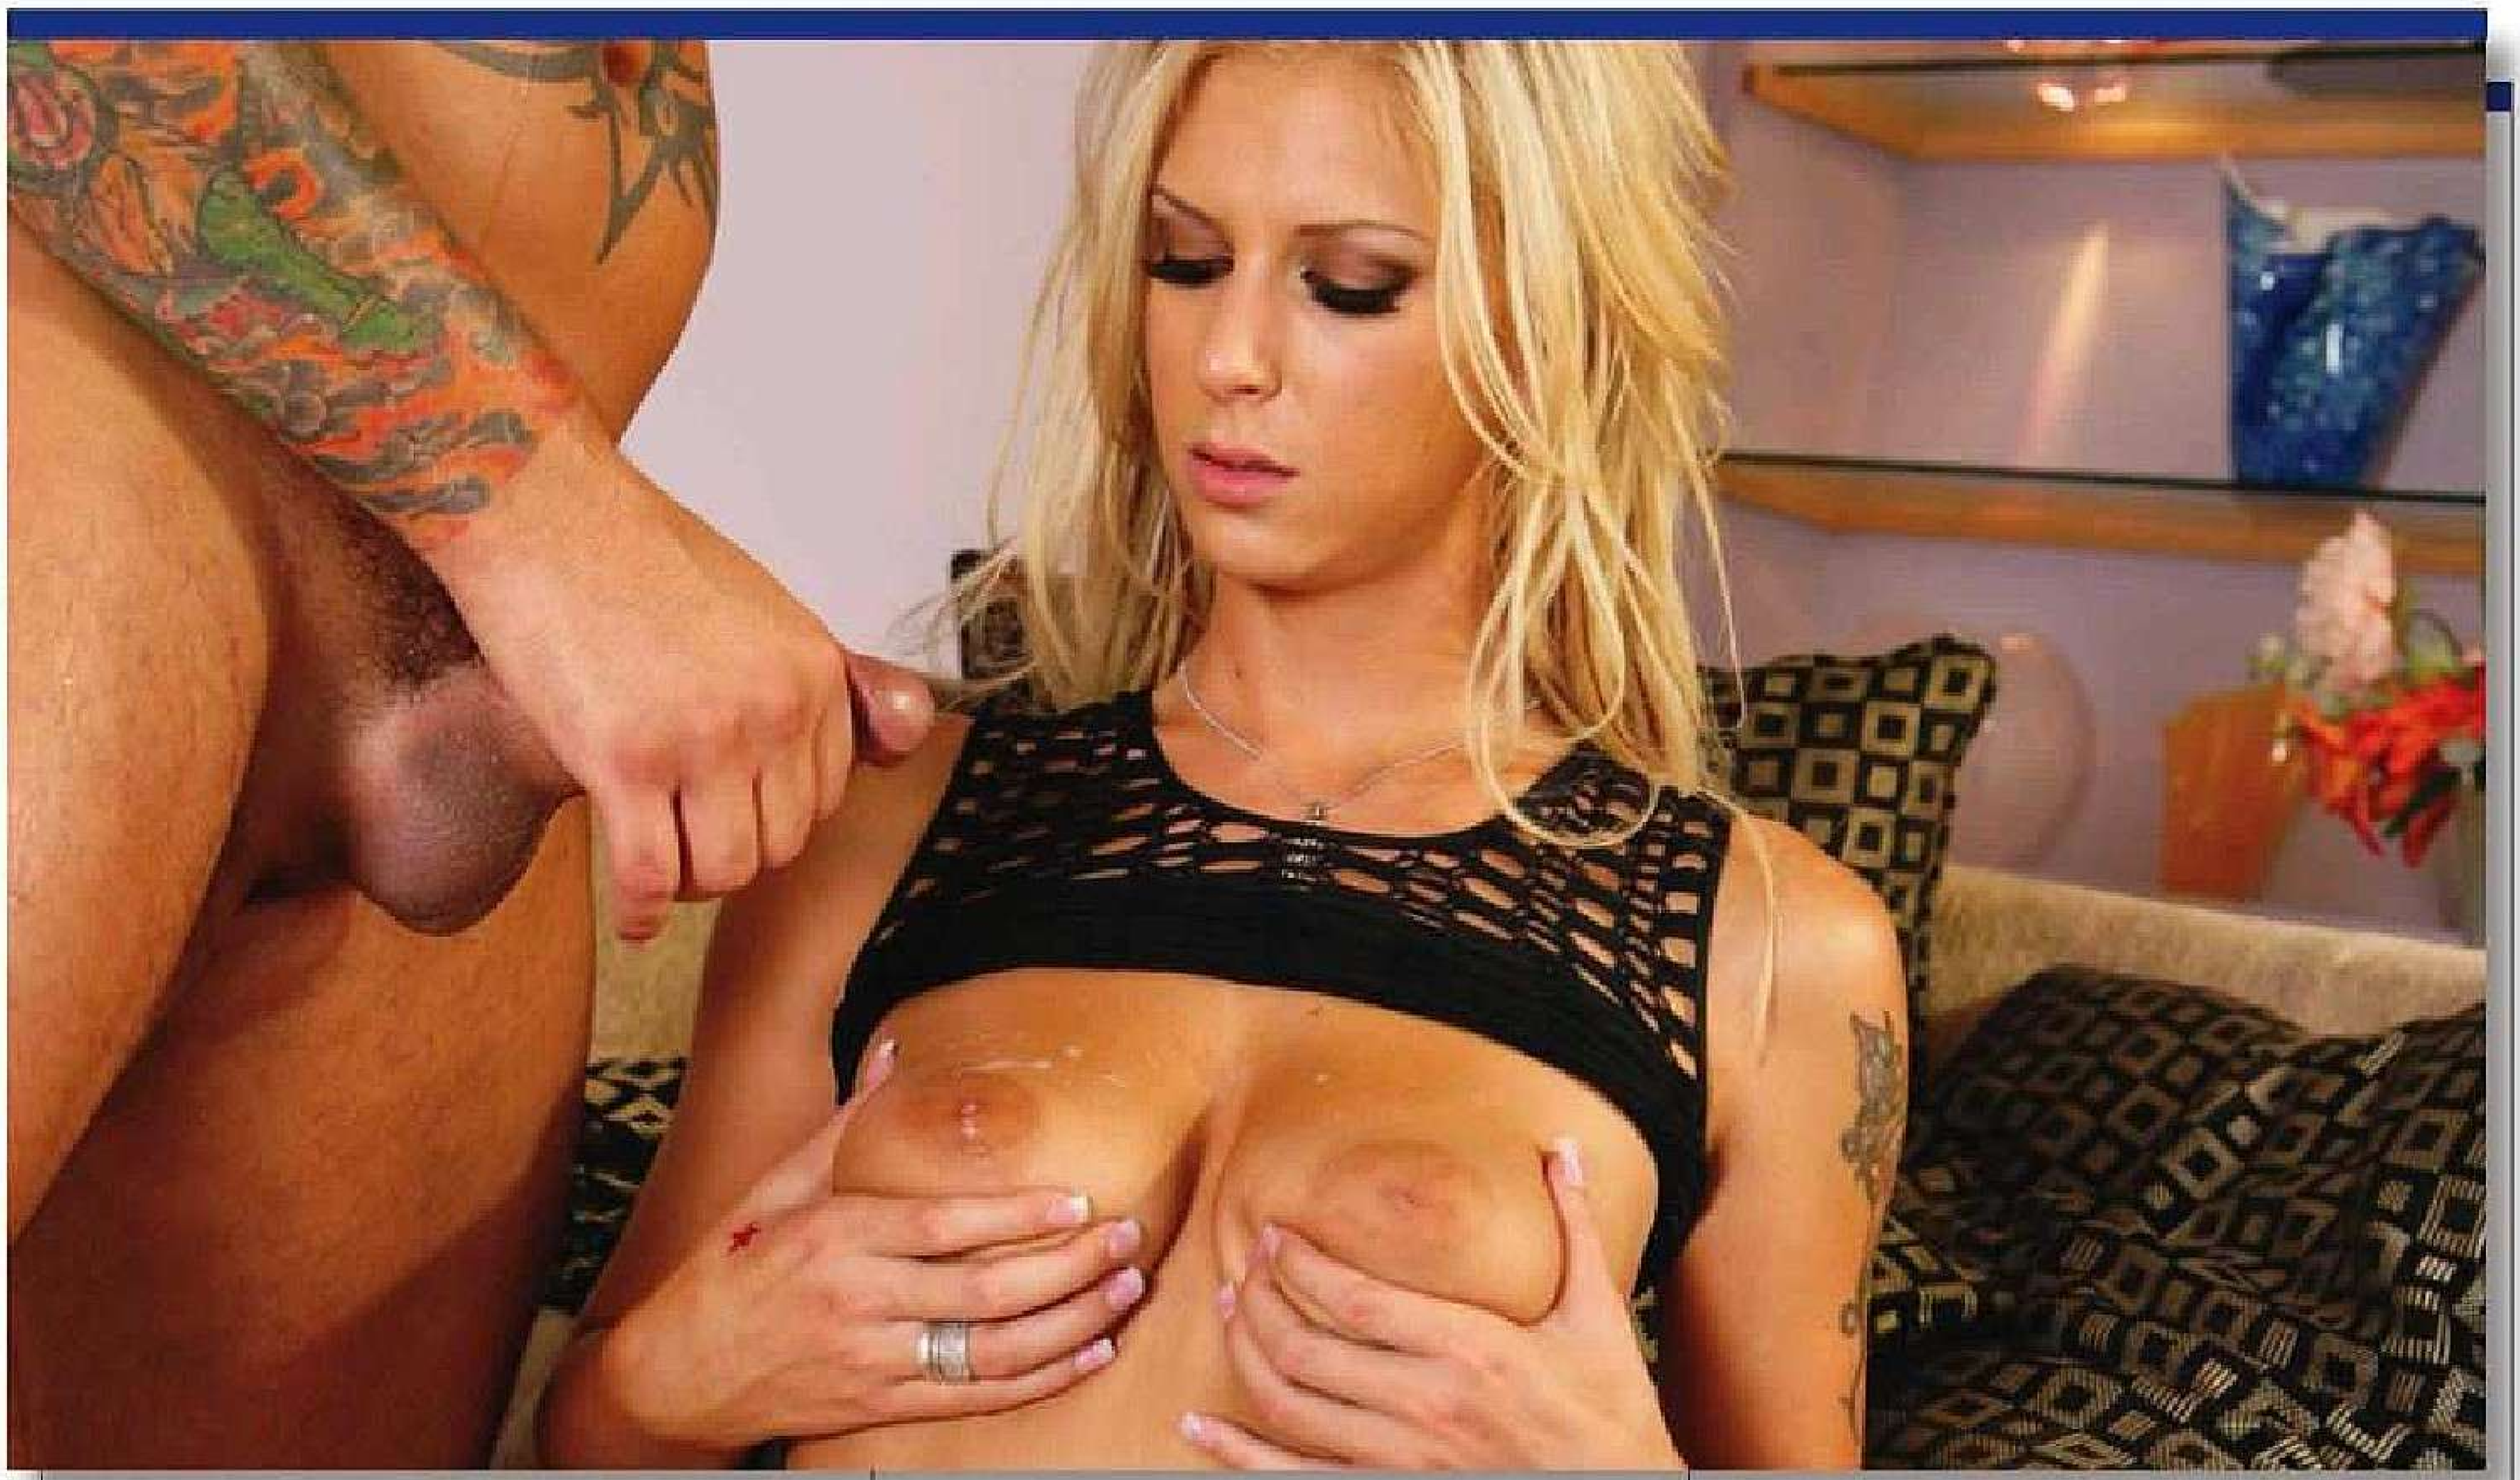
"Oh! I guess I forgot to close them," she claimed. "I got so excited – thinking of you."

"Uh-huh." I pulled her off the bed and pushed her up against the window, parting the curtains all of the way.

Her big, soft tits squished against the pane of glass, her rounded butt cheeks quivering in back. "What-what are you going to do, honey?"

I showed her, digging two pairs of stockings out of her bag and lashing her slender wrists to either side of the sturdy curtain rod up above, her slender ankles to a table leg and a heavy chair leg down below. She was spread out fully naked before the looking glass, giving me and any other hotel guests, and employees, one hell of a lovely view.

"Please, darling, one of my clients might-"



I cut her off with my cock to her pussy, plowing my meat-stick balls-deep into her tunnel. She was sopping wet and burning hot. I grabbed up her tits in front, pumped her pussy in back. She shuddered and gasped.

I banged Trina against the windowpane, biting into her smooth, long neck, feeling up her over-ripe melons. Three weeks on the road, and another three hours to reach her on the road, had left me famished for the beautiful lady.

She tilted her head back and whimpered, loving my hard-loving. Her thick, perfumed hair filled my face, as I filled my grasping hands with her tits and filled her tight, velvety pussy with my cock. Right in front of that hotel window for anyone to see.

I pumped her faster and faster, bouncing my thighs off her rippling butt cheeks, driving dick down her sucking slot. The window shook, Trina moaning, groaning. I looked over her shoulder; there were people watching from their rooms, all right, a crowd gathered in the courtyard looking up and pointing. They were getting one hell of a free show, my wife on total display, getting fucked. Trina knew it, and reveled in it. "Fuck me, Brian!" she hissed. "Harder, faster!"

"Both holes!" I rasped in her ear, making her gasp.

I pulled out of her pussy and grabbed up the dildo off the bed. Then I was back tight behind her. I rubbed her pussy with my cock, bathing it in her slippery juices, slid it in between her butt cheeks and up against her pucker. I reached around with the jelly dong in my other hand and pressed the head into her dripping pussy petals.

"Oh, Jesus, yes!" she begged for it, her arms and legs quivering against her restraints. "Fuck me in the ass and pussy at the same time!"

I timed it perfectly, pushing the rubber dong into her twat, sinking my flesh and blood dong into her anus, at exactly the same speed. Until both cocks were buried inside her superheated pink sleeves, cunt and rear.

I pumped, my wrist and my hips, fucking Trina's sexholes. The curtain rod and table and chair rattled with her trembling, her tits squeegeeing the window. She twisted her head around and stuck out her tongue and flailed it against my tongue, as I pistoned her tunnel and chute.

Her ass walls sucked on my shunting cock, pussy muscles almost pulling the plunger right out of my hand. People were staring at my wife from everywhere, watching her take it up the ass and cunt tied up to the window.

It was too hot, too wet, too long between fuckings for both of us. I slammed Trina in a frenzy from both sides, then bellowed and sprayed, searing her gripping chute with my boiling-hot semen. She shook out-of-control on the end of my thumping cocks, almost bringing the curtains down, screaming her orgasm.

I was waiting a day later when she finally arrived home, greeting her reamed pussy and ass with more of the same. Much more.

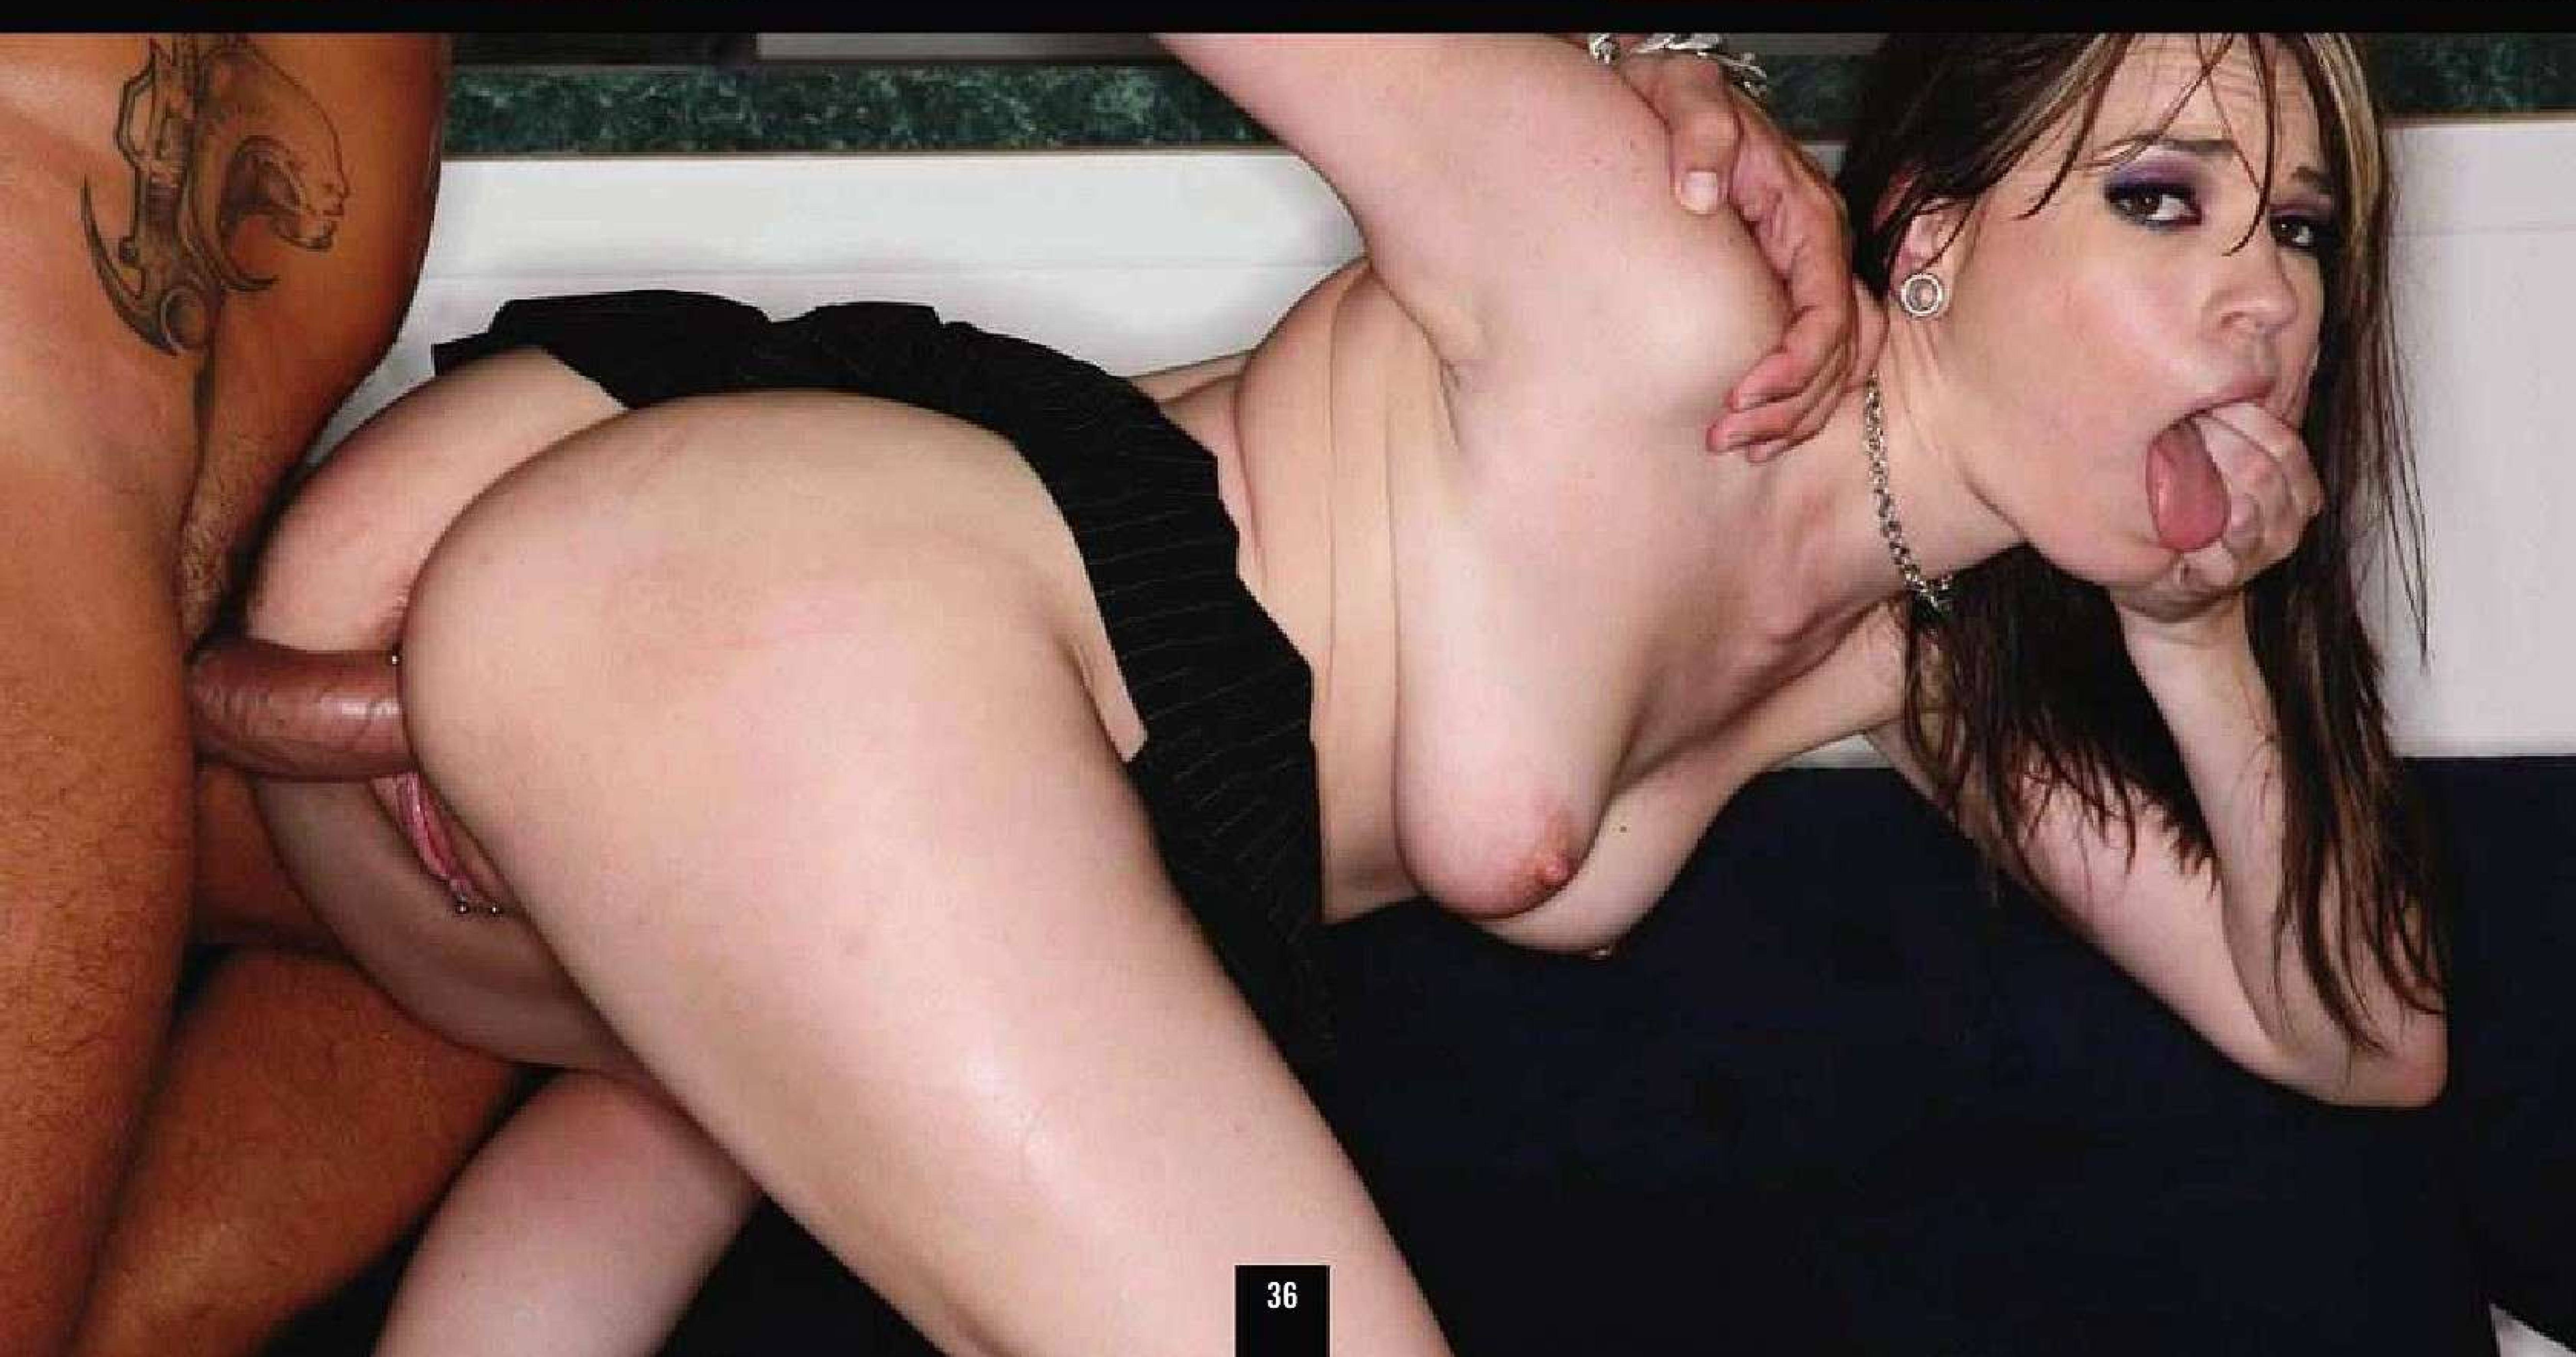
Dana

Girl Gone Bad

Dana had always been a bad girl. When she met Robby, she thought she could reform. He was absolutely everything she wanted in a man: hot, intelligent and oh so sexy... he was quite the toothsome treat and she just had to have him. And she did. Over and over and over again. In fact, she couldn't imagine her life without him, and, as such, she actually had the balls to propose to him. He did say yes, but he didn't quite anticipate the trip he was in for. Dana wasn't light in the sex department and expected nothing less from her husband.

See, Dana had an insatiable appetite, especially when it came to sex. Her fiance just wasn't up to scratch, though she assumed he would bulk up after the wedding. So very wrong, Dana; this is as good as you get.

Turns out he was just as lame in the marital sack, because he hadn't quite shaken his ex from college. And, in his mind, marriage didn't preclude messing around. Well, as slutty as she might be, this still wasn't cool with Dana and it was bye-bye baby.



A woman wronged... man... you just don't know what the fuck she'll do. But one thing was she was dead set on was breaking all the rules. She's young, sexy, and she'd be fucked if she didn't take advantage of that.

Now, this was precisely what she was looking for. What she needed. A dirty, filthy fuck, which thrilled her very core. Maybe a divorce was the best thing that ever happened to her.

A taste of freedom, and see how she goes. There's no going back for this slut. And, between you and me, she needs a bit of loosening up. Can you actually turn this down??

Kelly

Acting Out

Kelly loved her husband. She loved her family. But, as she was about to find out, love isn't everything. As dedicated as she was to her domestic situation, it just wasn't enough, and bits and pieces of the sky started to fall in on her. Now, Kelly is a survivor, but there are limits to what she can accept. She didn't want a divorce; she wanted to stay married. But when Marcos entered the picture, well, seems as though Kelly started to lose her grasp on common sense. Marcos was an amazing hunk and he was someone Kelly needed, and had, to have. This wasn't her; she wasn't a cheater. But, at the same time, she simply wasn't satisfied with what her husband was offering. Soon enough, she realized he was offering her less and less. She was young; it was time for Kelly to move on and do the honorable... and hard... thing - ask her husband for a divorce.

She wasn't used to this. She had always been good and turning her life upside down, over a man, was something she'd never even considered doing. She hadn't been single for so long, it felt so weird.

Actually, the uncharacteristic nature of what she was doing was an additional thrill. Her man, Marcos, was definitely worth the effort, as she quickly found out He did all sorts of things her husband had never bother to try.

THE

Best of all, she didn't need to feel guilty about it. For one of the first times in her life, she was putting her own pleasure first. And damn, didn't it feel good.

Before now, she hadn't been with anyone who was so free to be naughty. Her man screwed like it was a sport; her holes had never, ever been used this well.

But Kelly knew that even his talented cock wouldn't be enough for her. She'd limited herself for long enough and nos is the time to shop around and see who's best.

She's got nothing to lose, everything to gain. This is your chance to be a part of Kelly's very sexy new adventure.

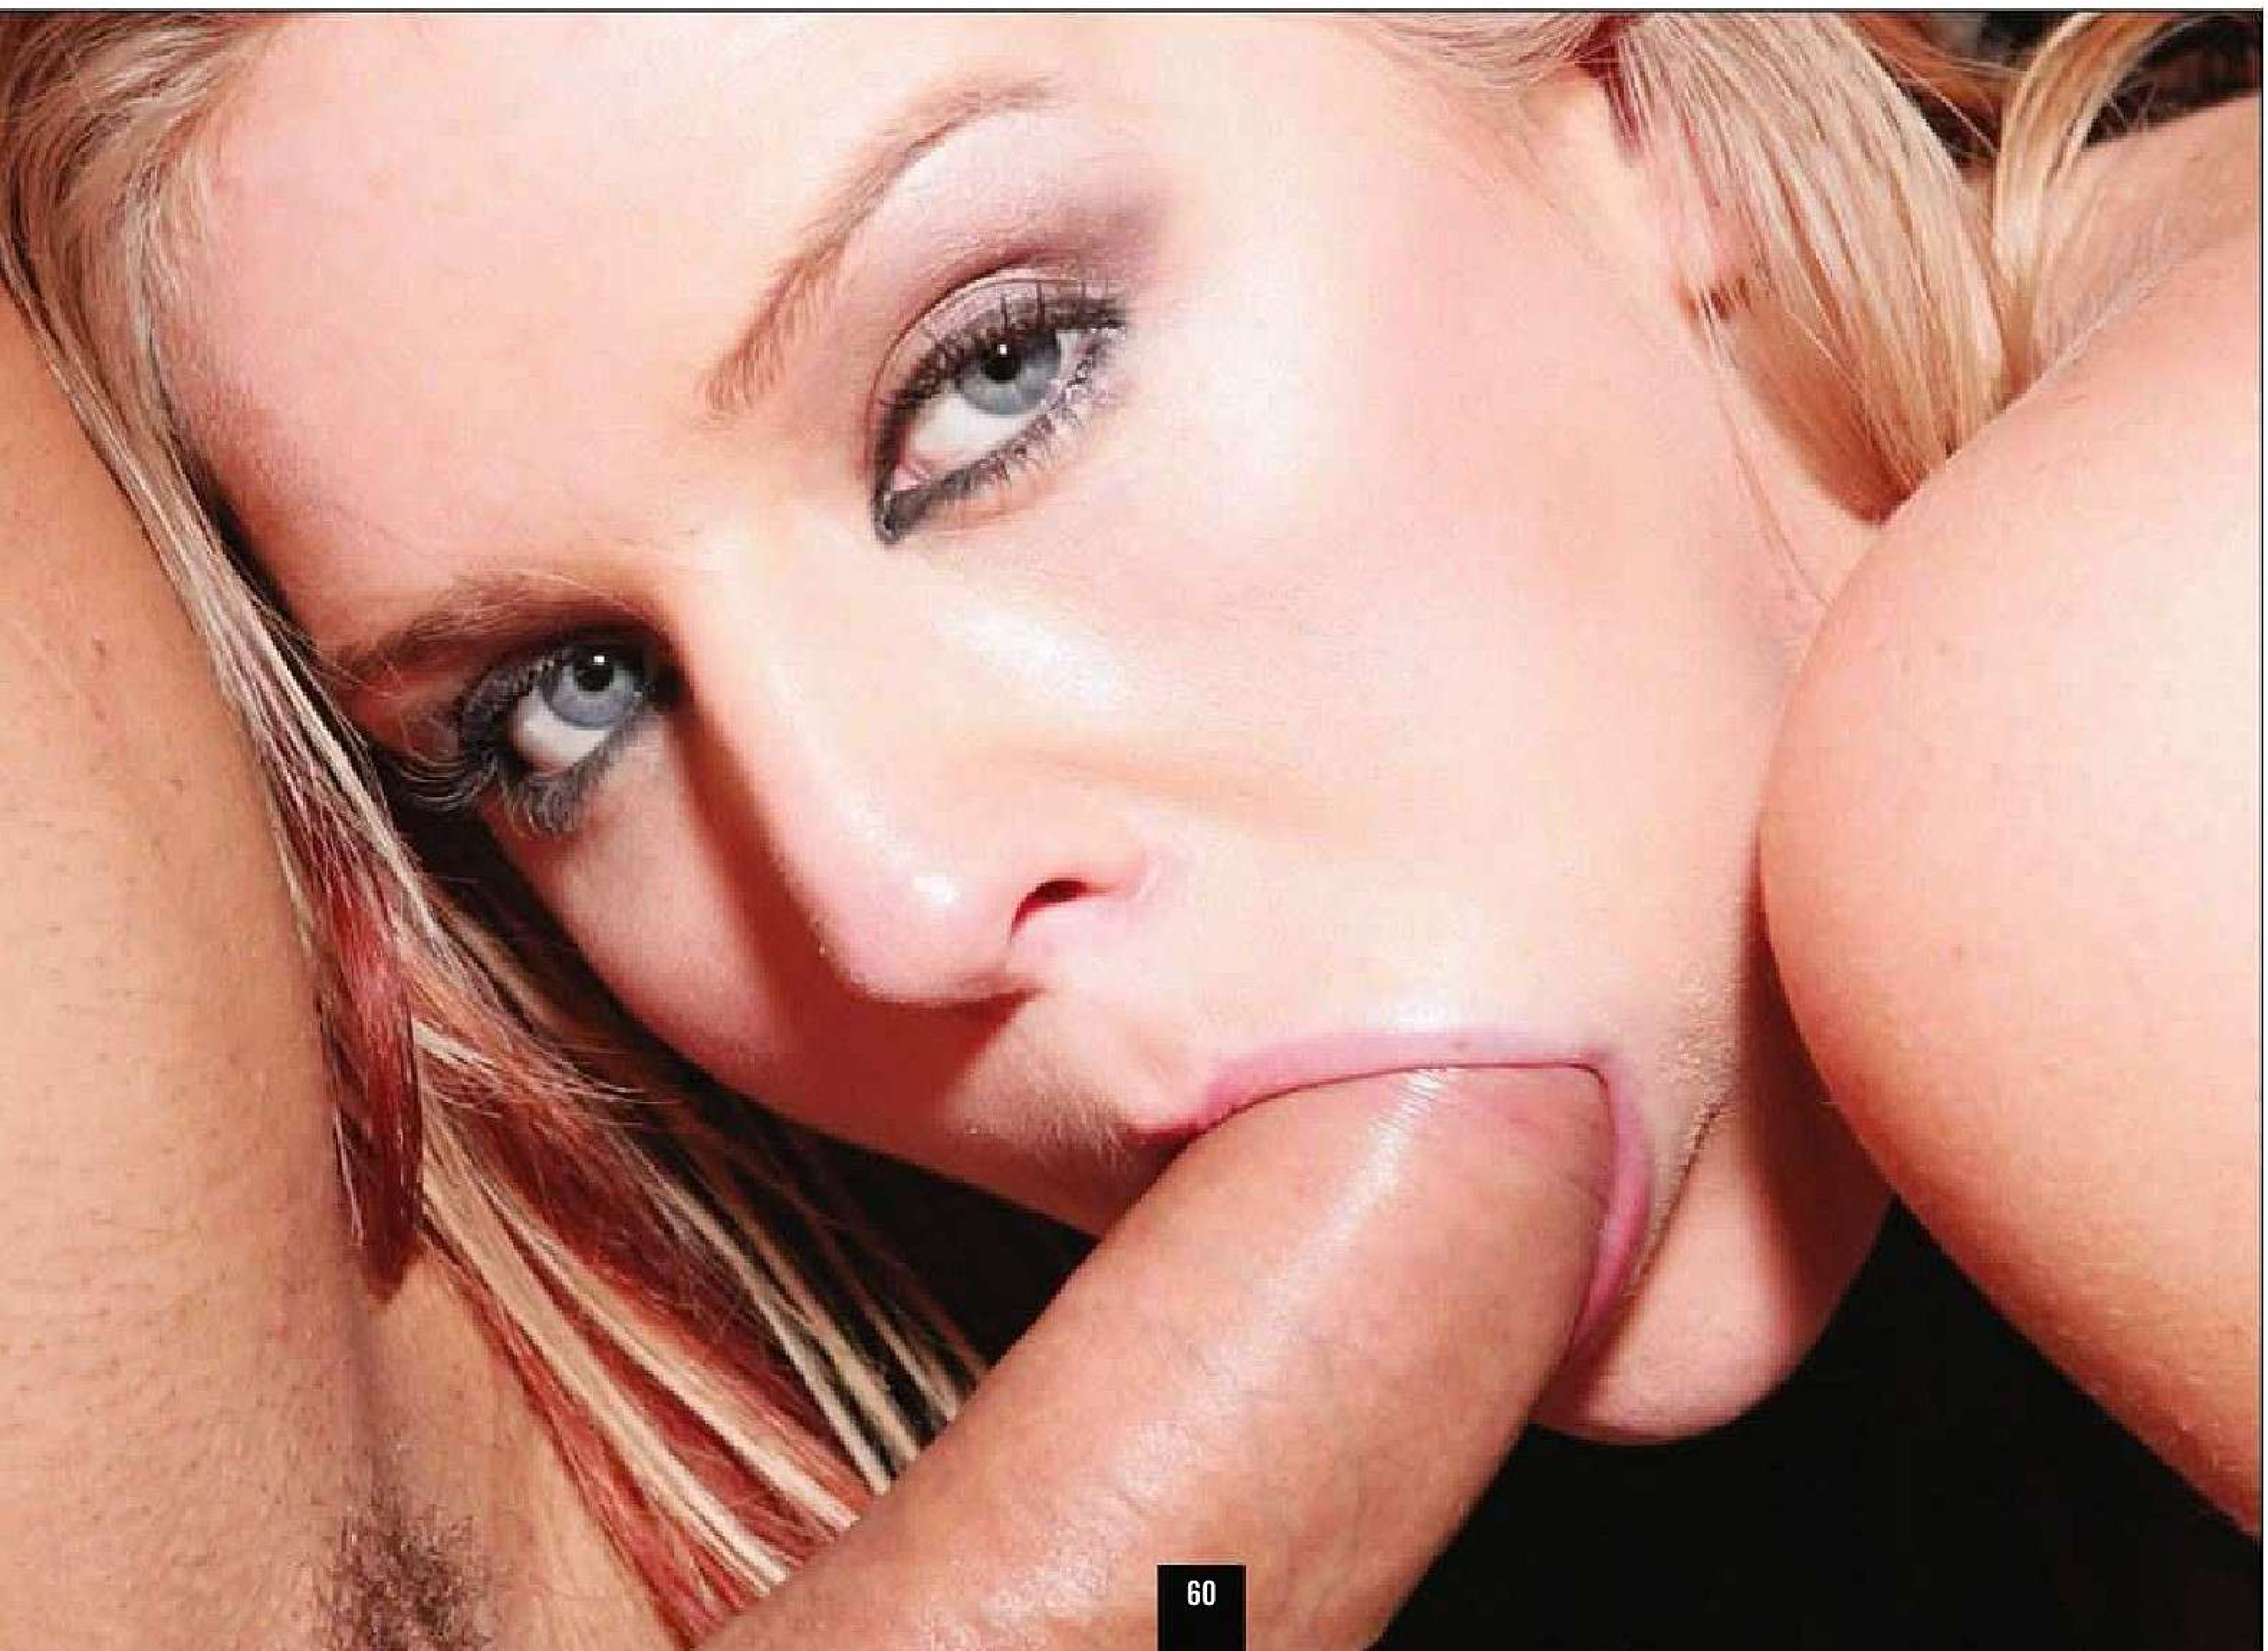
Daryn

Appearances Can Be Deceiving

Daryn had always been the pretty girl. The girl who got whatever and whomever she wanted, just because of her looks. While this might work for a while, at some point, the looks will fade, something will change, and she'll actually have to work for what she wants. Case in point: her marriage. Sure, when she first met her husband, she was the hottest shit around. But, as most women know, there's always someone younger and hotter, just waiting to step into their place. This is how some 21-year-old skank became the new Mrs. Collins, and Daryn was left with nothing but wounded pride.

Daryn knew she couldn't let it get her down. She was still super cute, wasn't even 30. She wasn't about to let her letch of an ex win.



What she needed was distraction. Something to make her feel good about herself. She needed to go a little crazy and have a whole lot of fun.

This turned out to be easy enough. She'd always had something of a scandalous personality, and now she could really indulge herself. Her cunt would not be denied.

She could stay out as late as she wanted, wear whatever she wanted and fuck whomever she wanted. This was exactly what she wanted.

With a whole new level of confidence, some could say she's hotter than ever. Definitely hot for fresh cock. Just think - with one simple call, this could be you.

Melanie

Too Much Woman

If Melanie was known for anything, it was her brazen personality. The woman had no shame... never had and, most likely, never would. And while it might be refreshing to be around a person so unencumbered, some people just can't take the pressure. Guys, in particular, often seemed to cave under the pressure. It takes a certain kind of guy to be secure enough to watch their girl, playing up to other guys. And not just playing; Melanie was about action, not just talk.

Melanie'd been through her fair share of lovers, boyfriends, and even a husband (a terrible college mistake), but none had been man enough to stick around. This was just fine with Melanie.

Limiting herself was something she wasn't comfortable or willing to do. When the mood struck (and it struck quite often), she didn't want anything, or anyone, standing in her way.

She had a particular fascination with younger men. A true cougar. For her, there was nothing headier than a young, hot stud, eager to screw her holes silly.

A woman of this caliber has plenty of experience to pass along, and she doesn't mind telling a guy if he doesn't have what it takes. Because, let's be honest, a girl with her appetite isn't happy about being short-changed.

Don't be intimidated; Melanie could very well be the best thing that happens to you. Just as long as you're willing to share. Let her change your world.

Sara & Lya

What Are Friends For?

Lya, silly girl, had gotten hitched young, before she'd had a chance to figure men out. Sure, at the beginning, her man seemed to dote on her, especially when unexpected business kept him away, late into the nights. Niave little Lya didn't think anything of it. It never occurred to her that he could be cheating on her. It did occur to her best friend, Sara. Sara'd had quite a bit more experience than Lya and knew how the chips fell. Time and time again, she told Lya that her husband was a lying bastard. Time and time again, Lya told Sara she was being paranoid and a major buzz-kill. It wasn't until years later that Lya finally realized her friend had been right - the day she came home to an empty house, and even emptier bank account.

CAN RESIST

She was devastated; she felt betrayed. How could she have been so stupid? Sara saw her friend falling and knew she couldn't let this happen. This called for drastic action.

Unlike Lya, Sara had kept her options open and only dated - nothing heavy. She also swung, which is something she'd kept from her prudish pal. Not anymore. The woman needed to be sexed up; to let herself go.

How Lya found herself, naked, impaled on Sara's squeeze's cock, Sara lapping at her clit, she didn't know. She was shocked. She was appalled. She really, really liked it.

She'd never eaten pussy before, never even considered it as an option, but, for some reason, she really wanted to. Once she started, she couldn't seem to stop.

She had to say, hands-down, this was the most thrilling and erotic experience of her life. Definitely made her forget all about her scummy, cheating asshole of an ex. And she likes women too?

This is something you can't miss, guys. Twist Sara's arm and she might just bring along the newly liberated Lya. To a deal like this, you just can't say no.

HOUSEWIFE HAS A NEW HOBBY

Hi my name is Suzie and I'm a housewife. I wanted to tell you about a truly memorable day that has started a new hobby for me. Finding things around the house that need fixing. When I've been desperate I've even broken a few things just so they could be fixed. Let me tell you why this is so much fun!

It all started when my husband was off early one morning on a business trip for a week. I had been really horny the night before and had tried to interest him in giving me a good fuck before he left. But he had been too tired, the poor baby. That really pissed me off. I had to spend twenty minutes with my favorite dildo that morning just to put myself in a good mood. As I was getting dressed I caught sight of myself in the mirror. I thought I looked pretty good as my 5'5 length was still lean and trim. At 36 my large 42DD tits were still perky, and only need minimal support, my long naturally blonde hair fell in waves over my shoulders, and my shaved pussy looked awesome. I don't know what was wrong with him. I found myself wondering if I should be worried about him messing around. As I went to get dressed I realized I couldn't worry about that right now anyway as I had all my chores to do for the day.

I had been putting it all off long enough. I had to get through the huge pile of laundry that was backing up in the laundry room. Halfway into the second load of clothes the washing machine broke down leaking water everywhere. "Oh great! The cap to a wonderful day." Little did I know what was coming. I found the phone book and started calling repair places. The only one that could make it out quickly was one of those handy-man husband deals for single girls or married ones who couldn't get their husbands to do anything. Sounded like it was right up my alley.

Twenty minutes later there was a knock on the door and I opened the door to a twenty-something young stud he had on tight jeans, and since it was a hot humid August day, an already sweaty tank top covered a very sculpted body. He gave me a smile that lit up my day. I almost came right there in my panties. Then as he looked me up and down I remembered that since it was wash day I had found the oldest pair of shorts I had, which were extremely tight and clung to every curve, they left nothing to the imagination. As well as the little white tank top that I had bought and shrunk, due to my horrible laundry skills, a size too small but kept to wear around the house. It fell only just below my tits. Oh and no bra because of course those were all dirty as well. I've got to start doing laundry a little more often.

"Hi I'm Andy with Hubby Helper I was told you had something that needed fixing?"

Boy did I ever!!!!

Then, mumbling something about the washing machine, I took him back to the laundry room. He took one look at the machine and said that he had to go back to his truck to get some tools and would be right back. I told him that the door was open and to just come right back in. After he went out I stood there a moment and realized that the time spent with my dildo that morning wasn't going to get me through the day. Just looking at this hunk I was all shivery inside and promised myself another session as soon as he was gone. He came back inside and told me it was probably something simple, and

he would have it fixed in no time. I stayed to watch him work thinking that the more I saw of him the better my fantasies would be later.

I came up behind him to ask him if he would like a drink or something, just at that moment he was pulling the machine away from the wall and the pipe exploded with water drenching us both. He stood up apologizing as he turned the knob shutting off the water. When he turned back around he just stood there and stared at me with his mouth open and eyes wide. It was then I realized my tank top had become completely see-through and my nipples were sticking out like pebbles. I looked down and thought I would die from humiliation. I started to back out of the room using my hands to cover my tits mumbling something about getting some towels. When I looked down so I wouldn't have to look at his face I noticed the bulge in his pants. He saw me looking at his crotch and said "Don't go on my account, I'm enjoying the show." I just stood there and stared at him. I think he figured he must have made a mistake. He started to turn around and was apologizing again when I walked up behind him reaching around him and putting my hand over his cock and asked, "were you just being nice or did you really see something you liked?" He got real still for a moment then reached down and covered my hand pushing his hardening cock into my hand. "I think this kind of gives me away don't you?"

He turned around and gazed down at my tits and said "oh yeah those are beautiful." He reached up with both hands and started to caress my tits. I let out a little moan. Mmmm did that feel good. "OH Yes," he leaned down and sucked on my nipple through the shirt. I put my head back and moaned louder. As he was sucking on one nipple he was tweaking the other one. I reached down and grabbed the back of his head and pushed him harder into my tit. My nipples have always been one of the most sensitive parts of my body even competing with my clit sometimes as to which will make me cum faster. He moaned into my tit and I felt electric shocks all the way to my pussy. I let him feast on my tits for a little bit just enjoying the sensations shooting through my body. I let go of the back of his head and reached down to the front of his pants, and started to fumble with the buttons and zipper. I wanted to see that cock. It had been so long since I had seen any cock except my husband's and I was curious to see what I was missing. I wanted it so bad I could taste it. I was so busy with his pants I didn't realize he was trying to get my top off of me. He gave up and ripped it from my body. When he saw my tits he groaned. "Oh god those are just made for fucking." I said, "You can do anything you want Andy if you will just take off these damn pants. I have to taste that cock." Andy obligingly reached down and undid his zipper, pushing down the jeans and his boxers.

That beautiful cock sprang into view and I almost came again right there. It was about 8 ½ inches long and thick. I grabbed a hold of it and in one swift move went down on my knees and had it almost all the way down my throat. He grabbed the back of my head groaning and held me there as I deep throated him. I reached up and started playing with his balls while I moaned around his cock he pulled back and started thrusting his cock in and out of my mouth. I took hold of his hips and kept up the rhythm swiping my tongue up and down his shaft with each thrust. He moaned, "Oh Yeah Baby suck that cock," while he was thrusting his cock into my face I reached down and started playing with my nipples he noticed this and pulled away letting his cock pop out of my mouth and flop up slapping his stomach.

Pulling me up to sit on the stool that was in the corner he bent down and started licking my tits all over then put his cock in-between and started fucking my tits. I grabbed both my tits in my hands and squeezed his cock hard between them, opening my mouth and trying to catch the tip of his cock with every thrust. He moaned, "MMMM you really like to suck cock don't you?" He was thrusting so fast his cock was a blur. I just left my mouth open and was squeezing my tits and rubbing them up and down his shaft. Just as I thought he might cum all over my tits. He pulled away; pulling me up with him and lifting me he sat me on top of the washing machine. Then he leaned down and started kissing my stomach tracing a line down to my shaved pussy. I could hear how wet my pussy was when he stuck his fingers in me. I leaned back spreading my legs. "Yesss Andy please lick my pussy. It's starved for attention!" He just looked up at me through my legs and smiled. He leaned forward and started tonguing my clit. Sliding his fingers deep in my pussy. I was moaning and writhing on the washing machine. I came again and again. I was lying back tweaking my nipples and alternately sucking on them and cumming every few minutes.

My husband had been neglecting this area for some time and I was reveling in the attention. As I thought this my mind drifted back to my husband and all of a sudden I thought, "What the hell am I doing? I'm a married woman!" but just then Andy hit the right spot again and all thoughts vanished from my mind.

I grabbed his hair and pulled him up for a deep kiss, savoring the taste of myself on his lips and tongue. "That was wonderful Andy but now I want that hard cock deep in my pussy." I hopped off the washing machine and turned around, bending over the top of the machine. He came up behind me and ran his hands down my back until he was holding on to my hips. He leaned over me and started kissing my back leading a trail of kisses all the way from my shoulders down to the small of my back then without warning he stood up and thrust his cock into my pussy. All the way to the hilt in one stroke, I screamed as he started slamming into me. I came so hard I was shaking as it felt so good to have a hard dick slamming into my pussy.

"Oh God! Yesss give me that cock!"

He was slamming into me so hard I had to grab the sides of the washing machine. "Yeah baby take that cock. You need it don't you?" "Yesss Andy I need it, give it to me!" He thrust it into me over and over for what seemed like hours then, I felt him stiffen even more and he pulled away. I turned and fell on my knees. "Please give me that cum I want to taste it!" He shot his load into my open mouth. I caught as much of it as I could, licking my lips.

"Oh god that's good."

He kind of staggered back and leaned against the wall. "Lady that was incredible but I don't even know you're name?" I looked up at him smiling while I licked his cum off my tits and said "My name is Suzie and I think I'm going to have a lot of jobs for you Andy!!!" We both took a few minutes to recuperate and he got back to fixing the washer. After he was done he had to go to another job but he has been back several times.

So I'm off to find something for Andy to fix. He hasn't been here in a few days and I don't think the dishwasher sounds right. It might have something stuck in there. What do you think??
